

## About Sunandan Divatia School of Science

It evolved in 2007, with a vision to provide undergraduates and post graduates an opportunity to embark on a challenging, yet exciting domain of Pure and Applied Sciences. It offers unique multi- as well as inter-disciplinary programs in Biological Sciences and Chemical Sciences. There is a major emphasis on 'Research' in all the programs which is strongly driven by a highly qualified scientific talent pool. The main focus of our R & D activity is applied research at the interface of Chemistry and Biosciences.

## Organizing Committee
