## **8.0 Placement Guidelines:**

NMIMS is a premier University of the country and the Business School is in existence for over three decades. Our alumni occupy senior positions in leading companies across sectors. Over the years NMIMS has earned recognition from industry & professional associations, corporates, peer group institutions and accreditation agencies. All these laurels and recognitions would have been incomplete without the support of the corporate world.

It is also a great place to recruit potential young managers and business leaders. Leading companies across sectors consider our students for recruitments/ internships.

NMIMS has a cordial relationship with the corporate world and many companies have supported us even during tough times. We would like to continue this mutually symbiotic relationship. Hence, it is expected that students understand this sentiment and behave responsibly at all times. Any untoward incident will jeopardize this relationship and have serious repercussions for placements and for the future.

NMIMS as a premier University of higher learning and the corporate world expects students to display high standards of knowledge, capability and excellence. Recruiters also look for serious candidates who are clear about their long term plans, the sector they want to be and profile they want to undertake.

Placement assistance is offered to students of various programs across Schools. It is the prerogative of the Schools to decide, which of the programs this service should be offered.

The Placement Office of School facilitates the process of placements – internship & recruitment by creating an interface between recruiters and students. Efforts are made to market the programs with their merits with an endeavour to get

companies to offer internships/recruit students. The selection process specified by the company is followed. The PlaceCom - Placement Committee of students are actively involved in the placement activities – contacting/visiting companies located in metros & major cities for placement presentations and also coordinate various activities during the placement processes.

The Placement Office devises placement guidelines that are in the larger interest of the School and students, in consultation with students and faculty.

- 8.1.2 Prior to the commencement of the selection process it is expected that students should be having a fair idea about their interest, sector, and specialisation or at least have some long term vision of where they want to be and should direct their efforts accordingly. A bit of clarity will help students land a good internship/job.
- 8.1.3 Hence students should do a thorough research about the company, the business, the sector, other players in the sector, the financials, etc. and be prepared with a background and fact file prior to the process. Also some additional information – the number of interns/recruits in the past, whether the company has a PPO policy, the roles offered, the experience of seniors who interned with the company etc. will be of help.
- 8.1.4 The Placement Office also involves companies in a number of Campus Engagement activities – contests, projects, workshops, seminars, guest talks etc. that would benefit a larger number of students and also help in promoting the excellent quality of the batch.
- 8.1.5 Based on the guidelines, students will have to prepare their resume that would encapsulate info about academics, work experience, internship, co-curricular activities, extracurricular activities, projects, awards, achievements, hobbies etc.

### 8.2 **Pre Placement Talk – PPT**

PPT's are a medium wherein the company officials disseminate information regarding the company, the profile, the compensation etc. and clarify the queries of students. The company officials invest time and effort to disseminate info and the interactive session will make them feel visiting our campus was worth it. Hence students are requested to participate and ask relevant questions.

NMIMS too encourages candidates to work towards such offers that are based on internship performance.
- 8.3.7 Pre Placement Offer (PPO) is an Offer by the company to the intern acknowledging the excellent work done during the internship. Pre Placement Interview (PPI) is an opportunity by the company for the intern to be directly selected for the interview for final placements. Thus, the students should be careful in applying to the companies of their choice and should put in all efforts to convert the internship into an Offer. Thus, the seriousness of this cannot be overstated.
- 8.3.8 While feedback from the company is sought, the internship is also evaluated by School that could involve faculty guide monitoring the performance; periodic report submissions, evaluations, Viva Voce etc.

  - 10.1.2 Online Feedback is taken using a questionnaire in the last session of every course in each trimester/Semester. This feedback is compiled and statistics are placed before each faculty member by the end of the trimester/Semester.

- 10.2 All students should get involved in this mechanism seriously as it truly helps the NMIMS improve the quality of services and teaching provided.
- 10.3 These are open ended questions in which student can reflect learning and teaching aspects of the course.
- 10.4 While sharing the feedback to the faculty members, student's identity is kept confidential.

**11.0 Mentoring Programme / ‘Psychologist and a Counsellor’:**

**11.1 Mentoring Programme:**

Students (as applicable school wise) have been assigned faculty mentors whose role is to help assimilate the NMIMS culture, facilitate intelligent choice making regarding selection of courses, help in identification of resources needed by all students. Do meet your faculty mentor regularly as per their convenience and availability.

**11.2 Psychologist and a Counsellor:**

“Have you had any incidents where you reacted very harshly and then later realised that reacting to the situation was not really needed and in the process you damaged the understanding you had with your friends and family? But you just do not know what went wrong then? Do not understand what triggered?”- Example case

As normal social human beings at any given time in life we could go through difficult times and are confused as well as not able to share our difficulties with others fearing their judging. At such times we recommend, personal Counselling.

Personal counselling is very important at every step in life even at the corporate levels. There could be a situation in our lives when we are not able to cope with, example of a simple case given above. Such situations affect our subconscious mind deeply which interferes our present conscious life and could not allow us to lead a healthy life. Consciously, we do not realise the implications of our behaviour on others but it eventually could affect our events and relations in daily life at home, in class, or at work. When the past emotional situations not dealt with therapeutically, we could develop unhealthy negative thoughts and feelings which we need to be aware of like, “I have no one to whom I can share my personal issues, am I happy? Am I feeling lonely?, having sleepless nights?”, such thoughts could again lead to further anxiety and can release harmful hormones; which could affect our performance, decision making, logical thinking, studies, relationships, career, and gradually affect our physiological health like hypertension, respiratory ailments, gastrointestinal disturbances, migraine and tension headaches, pelvic pain, impotence, frigidity, dermatitis, and ulcers

A counsellor is a non-judgemental friend who understands, ensures privacy and confidentiality of the client and counsels you by giving choices so that you make the right decision. Counselling is based on realistic, structured and research based study. NMIMS has a full time ‘Psychologist and a counsellor’ available on the 8th floor, Cabin:-West-855, NMIMS University, at the Mumbai campus for all the students.

**20.0 International Student Exchange Program Policy**

**20.1 Introduction**

NMIMS Deemed-to-be-University has developed an extensive International Students Exchange Program in order to provide a cross cultural exposure and a global perspective to the students apart from classroom teaching. The Exchange Program has become increasingly popular with the students and every year students get a chance to spend Semester/Trimesters at a partner Institute. With the dedicated International Linkages department in place, efforts are underway to have larger number of students to avail of this unique opportunity in every school. It is strongly recommended for all students to have international exposure in terms of academics and cultural immersion. However, due to some limitations, the students who do not visit these foreign institutes as part of the exchange program benefit through interaction with the overseas students who visit us.

**20.2 PREAMBLE**

In a world that is increasingly interdependent, it is imperative for the NMIMS Deemed-to-be-University to have an internationalization agenda. This involves creation of a multi ethnic environment in our programs on our campus. This can happen only when students from different countries and communities join NMIMS programs.

This policy on internalization seeks to clarify the philosophy behind the NMIMS Deemed-to-be-University's Internationalization program and sets out the eligibility of students to apply for an international exchange program. It also sets out the selection criteria and guidelines for assessing applications and the expectations from the students going for the exchange program.

This policy also lays out the facilities for international students in our programs and also the expectations from them. We expect our foreign students to conduct themselves at par with other Indian students.

To aggressively pursue the internalization agenda, NMIMS Schools have signed MOUs with leading Universities and Schools as given below:

**A. The University Level:**

- Charles Darwin University, Australia
- University of Southampton, United Kingdom

**21.0 Safety Guide for Students on Floods, Fire and Earthquakes**

**Introduction**

Mumbai is vulnerable to various natural and manmade disasters such as fire and industrial accidents, floods, chemical (transport and handling), biological, and nuclear hazards, earthquake, cyclones, landslides, bomb blasts, terrorism, riots and tidal surge due to its geographic conditions, industrial growth, increasing population density and squatter settlements have increased Mumbai’s vulnerability to disasters.

The safety measures for a few disasters such as 1) Floods, 2) Earthquakes and 3) Fire in Mumbai are highlighted briefly in this document.

**21.1 Floods:**

Floods in Mumbai are attributable to simultaneous occurrence of rainfall and high tides. If the rainfall is in excess of 200 mm in a day (24 hrs), floods can occur anytime irrespective of tides. However, if there is moderate rainfall but the tide is in excess of 4.50 meters at the same time, the city of Mumbai is likely to get flooded.

Precautions to be taken in case of Floods<sup>1</sup> are given in the Table 1 below.

## 21.2 Earthquake

Mumbai is in the 'Moderate Seismic Zone III which can experience quakes up to 6.5 on the Richter scale.

Seismologists say that the major fault lines in Mumbai run along the Thane creek, Panvel creek and the Amba River, all three intersecting at Uran. A fault line also runs from Malabar Hill to Worli passing through Cumballa Hill.

Precautions to be taken in case of earthquakes are displayed in Table 2 below:

### **School of Science**

## Message from Dean

Dear Students,

A warm welcome to all of you at Sunandan Divatia School of Science.

Sunandan Divatia School of Science (SDSOS) is a newly founded endeavor of the prestigious SVKM'S NMIMS (Deemed to be University), in its efforts to diverge to various disciplines of higher education and learning. The SOS evolved in 2007-2008, with a view to provide undergraduates and post graduates an opportunity to embark on a challenging, yet exciting domain of Pure and Applied Sciences. At the SDSOS, we offer unique multi- as well as inter-disciplinary programs, viz, Post graduate program in Statistics, Biological Sciences, Chemical Sciences and Physiotherapy; Integrated Post-graduate-Doctoral program in Biological Sciences and Chemical Sciences and a Doctoral program in Biological Sciences and Chemical Sciences. Along with these full-time courses we have recently introduced certificate courses in Molecular Medicine and Molecular Oncology.

There is a major emphasis on 'Research' in all the programs offered at the SDSOS. We are strongly driven by a highly qualified scientific talent pool. The main focus of our R & D activities has been conducting applied research at the interface of Chemistry and the Biosciences on problems of national and international importance.

Our strategic future plan involves inclusion of innovative areas of inter-disciplinary research, in specific areas through the application of new and cutting-edge technologies.

Once again, I welcome you all to an enjoyable and stimulating learning experience at the SDSOS and look forward to working together to help us achieve our goal, to be recognized as a 'Centre of Excellence'.

**Dr. Aparna Khanna**

Dean, Sunandan Divatia School of Science

In continuation to point number 3.2 of University Guidelines, please note the following additional guidelines

- 2.1 The attendance reports are uploaded on blackboard twice in a week. Discrepancy (if any) to be informed by the student to the course coordinator concerned within 3 working days from the date when report has been uploaded. No changes will be permitted once attendance reports are finalized.
- 2.2 For ALL absence, prior intimation is to be given to the Course Coordinator concerned. In emergent situations, intimation must be given to Course Coordinator on phone/ email within 24 hours of the absence. Any leave without written intimation will be treated as unauthorized leave and will be reflected in the records as such.
- 2.3 Students must refrain from approaching the faculty members for attendance related issues and exemptions. They must submit an application to the course coordinator concerned for necessary approvals. Individual faculty members are not allowed to give exemptions.
- 2.4 Classes are expected to begin on time. Late coming is not permitted. Faculties have the authority to close the doors of the classroom and debar latecomers from entering the classroom. They have also been advised to deal with students who habitually come late.
- 2.5 Students are required to be present for all events of the University and School of Science, including the Convocation, Orientation Ceremony, Sports Day, Republic Day, Independence Day, guest lectures, compulsory workshops, Journal Club, and other events as intimated on the notice board. Record of attendance will be kept for disciplinary action wherever deemed necessary. The University reserves the right to declare compulsory attendance for any event on or off the campus. Absenteeism on events for which attendance is compulsory, will be taken seriously and will be communicated / displayed on the notice board from time to time and / or remark on the transcript or any other decision by the management.
- 2.6 Students are not entitled automatically to make up tests / quizzes / viva's and any other form of evaluation even when prior authorization has been obtained for absence from the class. In case of group discussion / presentations, students will not be allowed any marks for absence during the presentations / discussion even if the student has been granted authorized leave during the same.
- 2.7 Absence from examination / re-examination for medical or any other reason shall be treated as failure.
- 2.8 As all courses conducted by the School of Science are full time courses, students will not be granted leave and / or any other exemptions to pursue any additional course of studies beyond that for which they are currently enrolled at the School of Science.
- 2.9 Students are required to be in Mumbai city on all days of the trimester/ semester. If they are leaving the city on personal or institutional work, they are required to obtain prior permission from the Dean. This applies even to those students who are representing the University for social, cultural, and co-curricular events.
- 2.10 Students are required to honour deadlines for submissions of projects, reports, assignments, forms and any other submission to the University or the faculty concerned. Do not approach faculty members and others in the University to change or extend deadlines.

**2.11 Re-admission Rules: (in continuation to point 11.3 in Part I )**

**2.11.1** A student can seek re-admission in the next academic year, in case he / she fails to fulfill the criteria mentioned under passing standards in SRB. For this purpose, he / she has to pay 25% of the total fee prevalent at that time for that programme.

**2.11.2** Student can take re-admission in the said year of the programme only once. He/she can take re-admission in different years as long as total period of the programme does not exceed the validity period of that programme. For example, for MBA the validity period is 4 years and for MBA Tech. it is 7 years, so a student can take re-admission maximum two times but in different progressive years. Admission to the subsequent years is subject to maximum duration permissible for completion of the programme (in years). Such admissions will be at the students' own risk of non-completion of the programme during the maximum permissible duration (in years).

**2.11.3 Maximum duration permissible for completing different programmes**

## 3.0 Examination Guidelines

### Course Work

As per the requirement of Sunandan Divatia School of Science, The students joining the B.Sc, B.Sc - M.Sc. (Integrated programme), M.Sc. & M.Sc. Ph.D. (Integrated programme) are required to take two years (four Semesters) of course work before undertaking the Research Project, whereas the students joining the Ph.D. programme are required to take one year (two Semester) of course work before undertaking the Research Project. The course work for the Ph.D. programme is covered during the M.Sc. programme for M.Sc Ph.D Students.

#### 3.1 General:

- 3.1.1 A student who has passed in all the subjects (as per the criteria laid down hereinunder) of Semester I & Semester II examinations of the first academic year will be promoted to the concerned programme in the second academic year. Likewise, a student who has passed in all the subjects of Semester III & Semester IV examinations of the second academic year will be promoted to the concerned programme in the third academic year, wherever applicable. Thereafter, the rules of Ph.D. will apply in case of M.Sc. Ph.D. (integrated programme).
- 3.1.2 There will be examination of 100 marks per paper, which will be divided into: 'Internal Continuous Assessments' 40 Marks which includes (i) practicals/ projects/ internships (ii) seminars, (iii) assignments (iv) short examinations (v) quizzes and (vi) open book/ take home assignments and 'Semester - End examination' 60 Marks. Total of ICA 40 Marks and SEE is 60 Marks which is a total of 100 Marks
- 3.1.3 A student who fails to pass in one or more subjects in Semester I will be "allowed to keep terms" (ATKT) and will be permitted to attend lectures and appear at the semester-end examinations of Semester II. Again, a student who fails in one or more subjects in Semester II will be "allowed to keep terms" and will be permitted to attend lectures and appear at Semester-end examination of Semester II. This means that students will be allowed to keep terms for both the semester during the first academic year, irrespective of the number of failures in any number of subjects of the first and second Semester of that academic year. This will be applied for subsequent year/s also.
- 3.1.4 Such failed students will be allowed to appear at only one **re-examination in all the 'failed subjects'** which will be held at the end of the academic year and before the commencement of the next academic year. Such re-examination will normally commence about one month after the closure of the Semester II examination. This re-examination will be held for a particular academic year and shall be held before the commencement of the next academic year. Additional re-examination shall not be held under any circumstances. **Those students, who pass in the re-examination as specified in General Rule No.3, will be awarded 'normal grade', for subjects passed in such re-examination.**

- 3.1.5 The student shall be required to pay all the prescribed fees/ charges for each of the re-examinations before the commencement of re-examination, without which he/ she will not be allowed to appear at the re-examination. No special re-examination will be held under any circumstances.
- 3.1.6 A student who fails in the re-examination as specified above will then be required to seek re-admission, as a regular student for the concerned program for that academic year in which he/ she has been declared failed. He/ she shall also be required to pay all the prescribed fees/ charges at the time of seeking re-admission in the concerned program as per the rules prescribed by the University for the same from time to time. He/ she will not be permitted to submit research project unless he/ she passes the paper/s in which he/ she has failed.
- 3.1.7 A student is not eligible for re-admission twice in the same year of the programme if he/ she is unable to fulfill 'Passing Standards'.
- 3.1.8 The same criteria regarding re-examination as mentioned above shall be applied to Semester III, Semester IV, Semester V, Semester VI of the second and third academic year.
- 3.1.9 Sunandan Divatia School of Science of NMIMS University follows the following 'letter grades' and corresponding 'grade points' system:

Grade	Grade Point
A+	4.00
A	3.75
A-	3.50
B+	3.25
B	3.00
B-	2.75
C+	2.50
C	2.25
C-	2.00
F	0.00

### 3.2 Method of calculation of letter grades and GPA/ CGPA

- (a) **FACTORIZATION:** In order to ensure uniformity of evaluation and reduce variation in evaluation between different faculty members, factorization of marks would be carried out for courses wherever the number of students appearing for the examination in the said course is more than 30 and number of faculties evaluating the answer books in the course concerned are more than one.

The formula for carrying out such factorization would be as under:

- (i) The Average marks given by a faculty for a course (internal continuous assessment + semester end examination) for a group of students shall be calculated for each course for a batch.

Average marks awarded by a faculty to a group of students (one or more division) for a particular course = Sum of total marks awarded to all students assessed by the faculty for a course divided by number of students in the said group / batch.

- (ii) Grand Average Marks given by all faculty members who evaluated answer books (internal continuous assessment + semester end examination) shall be calculated for each course for a batch.

Grand Average marks = Total marks awarded by all faculty members to all students for a particular subject divided by number of students in the said cohort

- (iii) 'Factor Score' for each faculty, using Individual faculty average and grand average obtained above would be calculated.  
Factor Score= Grand average divided by Individual faculty average.
  - (iv) Factorization will be done by multiplying the factor score of the respective faculty with the aggregate marks assigned by the said faculty to the individual student whose answer books were evaluated by him/her for each course.
  - (v) If the marks obtained by the student after factorization are in decimal, the marks will be rounded to the next higher integer.
  - (vi) Gracing and grading will be applied as per present scheme on the factorized marks computed as above
- (b) **DOUBLE EVALUATION:** Wherever for a course the number of students appearing for the examination is less than 31, factorization will not be applicable irrespective of the number of faculties evaluating the answer books of the course concerned. In such cases, where factorization is not applied, double evaluation or 100% moderation will be carried out. The first evaluation will be performed by the course teacher of the course concerned and the second evaluation of all the answer books will be carried out by an external course expert selected from the panel approved as per the norms prescribed and in force at that moment. The simple average of the marks allotted by the Internal Course Teacher and the External Subject Expert will be treated as the marks allotted to the student in the course concerned. If the average mark obtained by the student is in decimal, the same shall be converted to the next higher integer. This average mark will be considered for awarding the grace marks if eligible and grade and declaring the result of the student.
- (c) **DOUBLE EVALUATION:** Wherever the number of examiners evaluating answer books of a course is only one, irrespective of the number of students appearing for the examination in the course concerned, factorization will not be applicable and double evaluation will be carried out. The first evaluation will be performed by the course teacher of the course concerned and the second evaluation of all the answer books or 100% moderation will be carried out by an external course expert selected from the panel approved as per the norms prescribed and in force at that moment. The simple average of the marks allotted by the Internal Course Teacher and the External Subject Expert will be treated as the marks allotted to the student in the course concerned. If the average mark obtained by the student is in decimal, the same shall be converted to the next higher integer. This average mark will be considered for awarding the grace marks if eligible and grade and declaring the result of the student. There shall be no factorization of marks in such a case.

#### **Method of calculation of letter grades:**

For the calculation of grades, the following guidelines are observed-

1. Highest marks/ factorized marks scored by a student (derived as above in 3-2) as the case may be for a course / subject will be taken into account for the batch/group (in case of electives).
2. Difference between the maximum marks/ factorized marks as the case may be and pass marks would be calculated.
3. The said difference will be equally divided into slabs of nine letter grades (i.e. A+, A, and A-, B+, B and B- and C+, C and C-).
4. Grading will be done on the basis of marks/ factorized marks as the case may be obtained by a student in each course / subject which will be fitted into the above slabs of letter grades.
5. "F" grade will be assigned to students;
  - (a) Who have obtained less than one third or 50% marks (as the case may be) out of the maximum marks allocated to the respective subject / course for the internal continuous assessment.
  - (b) Who have obtained less than one third or 50% marks (as the case may be) out of the maximum marks allocated to the respective subject / course for the term end examination.
- (c) Who have obtained marks less than minimum passing marks out of aggregate (Internal Continuous Assessment + Term end examination).

After following the above evaluation processes, the factorized / average marks will be rounded to the next integer. The process of

awarding 'grace marks' as per rules already approved by Academic Council shall be followed. Thereafter, grading will be carried out as per the present practice.

The process of factorization and the grading pattern will be implemented irrespective of the year of admission of the students concerned with effect from the Academic Year 2016-17.

In case of elective courses, the number of students for that course would be considered for the purpose of assigning grades for that course.

**3.2.1 Calculation of GPA:**

3.2.1.1 Grade Point Average for a term will be computed by dividing, the sum of product of grade point of each course/ module and credit value assigned, to each respective course by the sum of credits assigned to all the courses/ modules for the related term.

$$\text{GPA} = \frac{\sum CG}{\sum C}$$

**3.2.2 Calculation of CGPA:**

3.2.2.1 Cumulative Grade Point Average upto and including a term will be computed by dividing the sum of product of grade point of each course/ module and credit value assigned to each respective course by the sum of credits assigned to all the courses/ modules upto and including the related term.

**Here:**

C = Credit value assigned to a course/ module

G = Grade point value assigned to a student for course/ module corresponding to the letter grade (refer table given)

GPA: Grade Point Average shall be calculated for Individual term.

CGPA: Cumulative Grade Point Average shall be calculated upto and including each term till date

**3.3 Passing Criteria:**

**3.3.1 Internal Continuous Assessment**

In the Internal Continuous Assessment examinations, a student must secure a minimum of one-third of the total maximum marks allotted to the internal continuous assessment examinations of every subject/ paper in order to be declared as successful in every subject of each of the semesters.

**3.3.2 Semester -end Examination (Theory Paper)**

A student must secure a minimum of one-third of the total maximum marks allotted to every subject in each of the semester -end theory examinations, in order to be declared as successful in that subject in its theory paper.

**3.3.3 Aggregate Passing**

To pass in a particular subject in any of the semester -end examination or semester -end re-examination, a student must;

3.3.3.1 secure a minimum one-third of the marks allotted to the internal continuous assessment examination in that subject

3.3.3.2 secure a minimum of one-third marks in the theory paper of that subject in the semester-end examination and

3.3.3.3 secure a minimum of 50% of aggregate marks out of the total marks (that is, internal assessment and semester end examination) allotted to the subject/s.

In case of the Ph.D. programme, all the above passing criteria for the Internal Continuous Assessment, Semester - end Examination

(Theory) remains the same, EXCEPT in case of aggregate passing which is listed below:-

### 3.3.4 Aggregate Passing

To pass in a particular subject in any of the semester-end examination or Semester -end re-examination, a student must;

- 3.3.4.1 secure a minimum one-third of the marks allotted to the internal continuous assessment examination in that subject
  - 3.3.4.2 secure a minimum of one-third marks in the theory paper of that subject in the Semester -end examination and
  - 3.3.4.3 Secure a minimum of **60%** of aggregate marks out of the total marks (that is, internal assessment and semester end examination) allotted to the subject/s.
- 3.3.5 **Non-fulfillment of Passing Criteria:**
- 3.3.5.1 If a student gets less than the prescribed one-third marks allotted to the internal continuous assessment in a particular subject, such a student will be given only one chance to improve his/her performance to secure the necessary prescribed minimum marks in the internal continuous assessment by way of re-doing all the required projects/ assignments, etc. as decided by the respective subject-teachers, **before conclusion of the related semester -end examination** of that academic year. The modalities of the internal continuous assessment shall be decided by the subject teacher and the Dean/ in-charge of the School. It is the sole responsibility of the student to comply with the above requirement before end of each semester. If he/ she fails to do so or if he/ she fails to secure minimum passing marks even after this extra (final) chance, he will be required to seek re-admission for the concerned academic year of the programme.
  - 3.3.5.2 In case a student obtains at least one-third of the total marks in a subject in the internal continuous assessment examinations, but fails in the Semester - End examination, then his / her marks in the internal continuous assessment examinations will be carried forward and will be added to the marks obtained by him / her at the re-examination in that subject. With this, the student must obtain a minimum of 50% of the aggregate total marks allotted to a particular subject in order to be declared as successful in that subject.
  - 3.3.5.3 In case, a student secures the minimum one-third of the total marks in the internal continuous assessment examinations, and also secures the minimum one-third of the total maximum marks in the semester -end examination in a particular subject, but fails to secure aggregate 50% marks out of the total marks (internal continuous assessment plus semester -end examination) allotted to any subject, he/ she will be then required to appear at re-examination in those subjects in which he/ she has failed to secure 50% aggregate marks. Again, in such a case his / her marks in the internal continuous assessment examination/s will be carried forward as mentioned above.
  - 3.3.5.4 If a student has failed under any head in any subject (i.e. 'Internal Continuous Assessment' or 'Semester - End Examination' or 'aggregate'), he/ she shall be deemed to have failed in that subject. Proportionate course fee will be applicable for such students who fail to pass and re-register for the respective course/s.

A student who fails to pass in more than two courses at the time of completion of stipulated period of course work, will be required to take re-admission for the entire course work along with the subsequent batch of students by paying full fees as applicable in that year.

### 3.4 Grace Marks Rule

- 3.4.1 For all undergraduate programmes and other integrated programmes (12+ or 10+), the following 'scheme of grace marks' is applicable;
  - 3.4.1.1 "A candidate failing in one or more subjects will be given grace marks up to 2 per cent of the marks on the aggregate marks of the subjects in which he/ she has appeared, subject to maximum of 6 marks overall and in individual subject not more than 3% of maximum marks allotted to the subject.
  - 3.4.1.2 The subject/s in which grace marks will be given will be based on the data of the examination of the semester. The decision of the University in this matter will be final.
  - 3.4.1.3 Alternatively, not more than 5 or 10 marks respectively per subject would be awarded, if following conditions are fulfilled:
    - a) Candidate should have appeared in all the subjects taken together for the respective semester.

b) Candidate should have an aggregate percentage of marks at the examination exceeding the minimum percentage required for passing by at least 5 percent or 10 per cent marks respectively.

c) Candidate should not have failed in not more than one head/ subject of passing by not more than 5 or 10 marks respectively.

3.4.1.4 The above rule will also be made applicable to re-examinations to all the students from the academic year 2016-17 irrespective of the year of admission.

**Note: The above rules relating to grace marks are not applicable to the students of School of Business Management and NMIMS Global Access School for Continuing Education.**

### 3.5 Examination guidelines for Ph.D programme

NMIMS follows a certain set of guidelines for the Ph.D programme which are communicated to the students on a regular basis. All the students registered for the Doctoral programme at Sunandan Divatia School of Science will be governed by the same.

Passing standards for Ph.D. Course work.

Sr. No	Internal Assessment	Term end examination/ aggregate passing criteria	Treatment to be given
1	Completed	Failed to pass	Such students will be required to re-register for the respective course/s in which he/ she has failed to pass, after completion of the stipulated period of entire Pre Ph.D. course work. Such student, thereafter, should complete the requirement of the respective course ab initio in which he/ she has failed. However, student who has failed to pass in more than two courses will have to take re-admission for the entire programme.
2	Not completed	Not eligible for term end examination	Such students will be required to re-register for the respective course/s in which he/ she has failed to pass, after completion of the stipulated period of entire Pre Ph.D. course work. Such student, thereafter, should complete the requirement of the respective course ab initio in which he/ she has failed. However, student who has failed to pass in more than two courses will have to take re-admission for the entire programme.
