MS TEAMS

About Our Guest

A 1972 Ph.D. in statistics from the Calcutta University, Dr. Bikas Sinha obtained a B.Sc. Statistics Hons. in 1965, and subsequently a M.Sc. Statistics in 1967 from the same University. Dr. Bikas Sinha immediately was inducted as the youngest faculty member in the Department of Statistics, Calcutta University.

In 1975 began Professor Sinha's illustrious career of Teaching / Research / Consultancy all over the world. His Quality Teaching and Collaborative Research skills earned him international recognition and enabled him travel extensively. Professor Sinha has served as a Visiting Faculty in a number of universities in USA & Canada and has visited a host of universities as Research Collaborator / Invited Speaker in International Conferences in all the continents.

Professor Sinha has co-authored two research monographs in the area of Design of Experiments. He has also co-authored one graduate-level text book published by John Wiley on Finite Population Sampling. Besides these three books, Professor Sinha has authored / co-authored more than 100 research articles published in National & International Journals.

Professor Sinha is an elected member of the International Statistical Institute since 1985. He has served on the Editorial Board of several National & International Journals in Statistics. He had been the Editor of Calcutta Statistical Association Bulletin for 10 years. Of late, Professor Sinha has been nominated as a Member of the National Statistical Commission, New Delhi.
