

Thank you!!!

Tissue Culture

CS

- (i) Removal of cells, tissues, or organs from an animal or plant and their subsequent placement into an environment conducive to growth
- (ii) Environment – Suitable plastic or glass culture vessel with liquid/semi solid medium + nutrients for survival and growth

SUNANDAN DIVATIA
SCHOOL OF SCIENCE

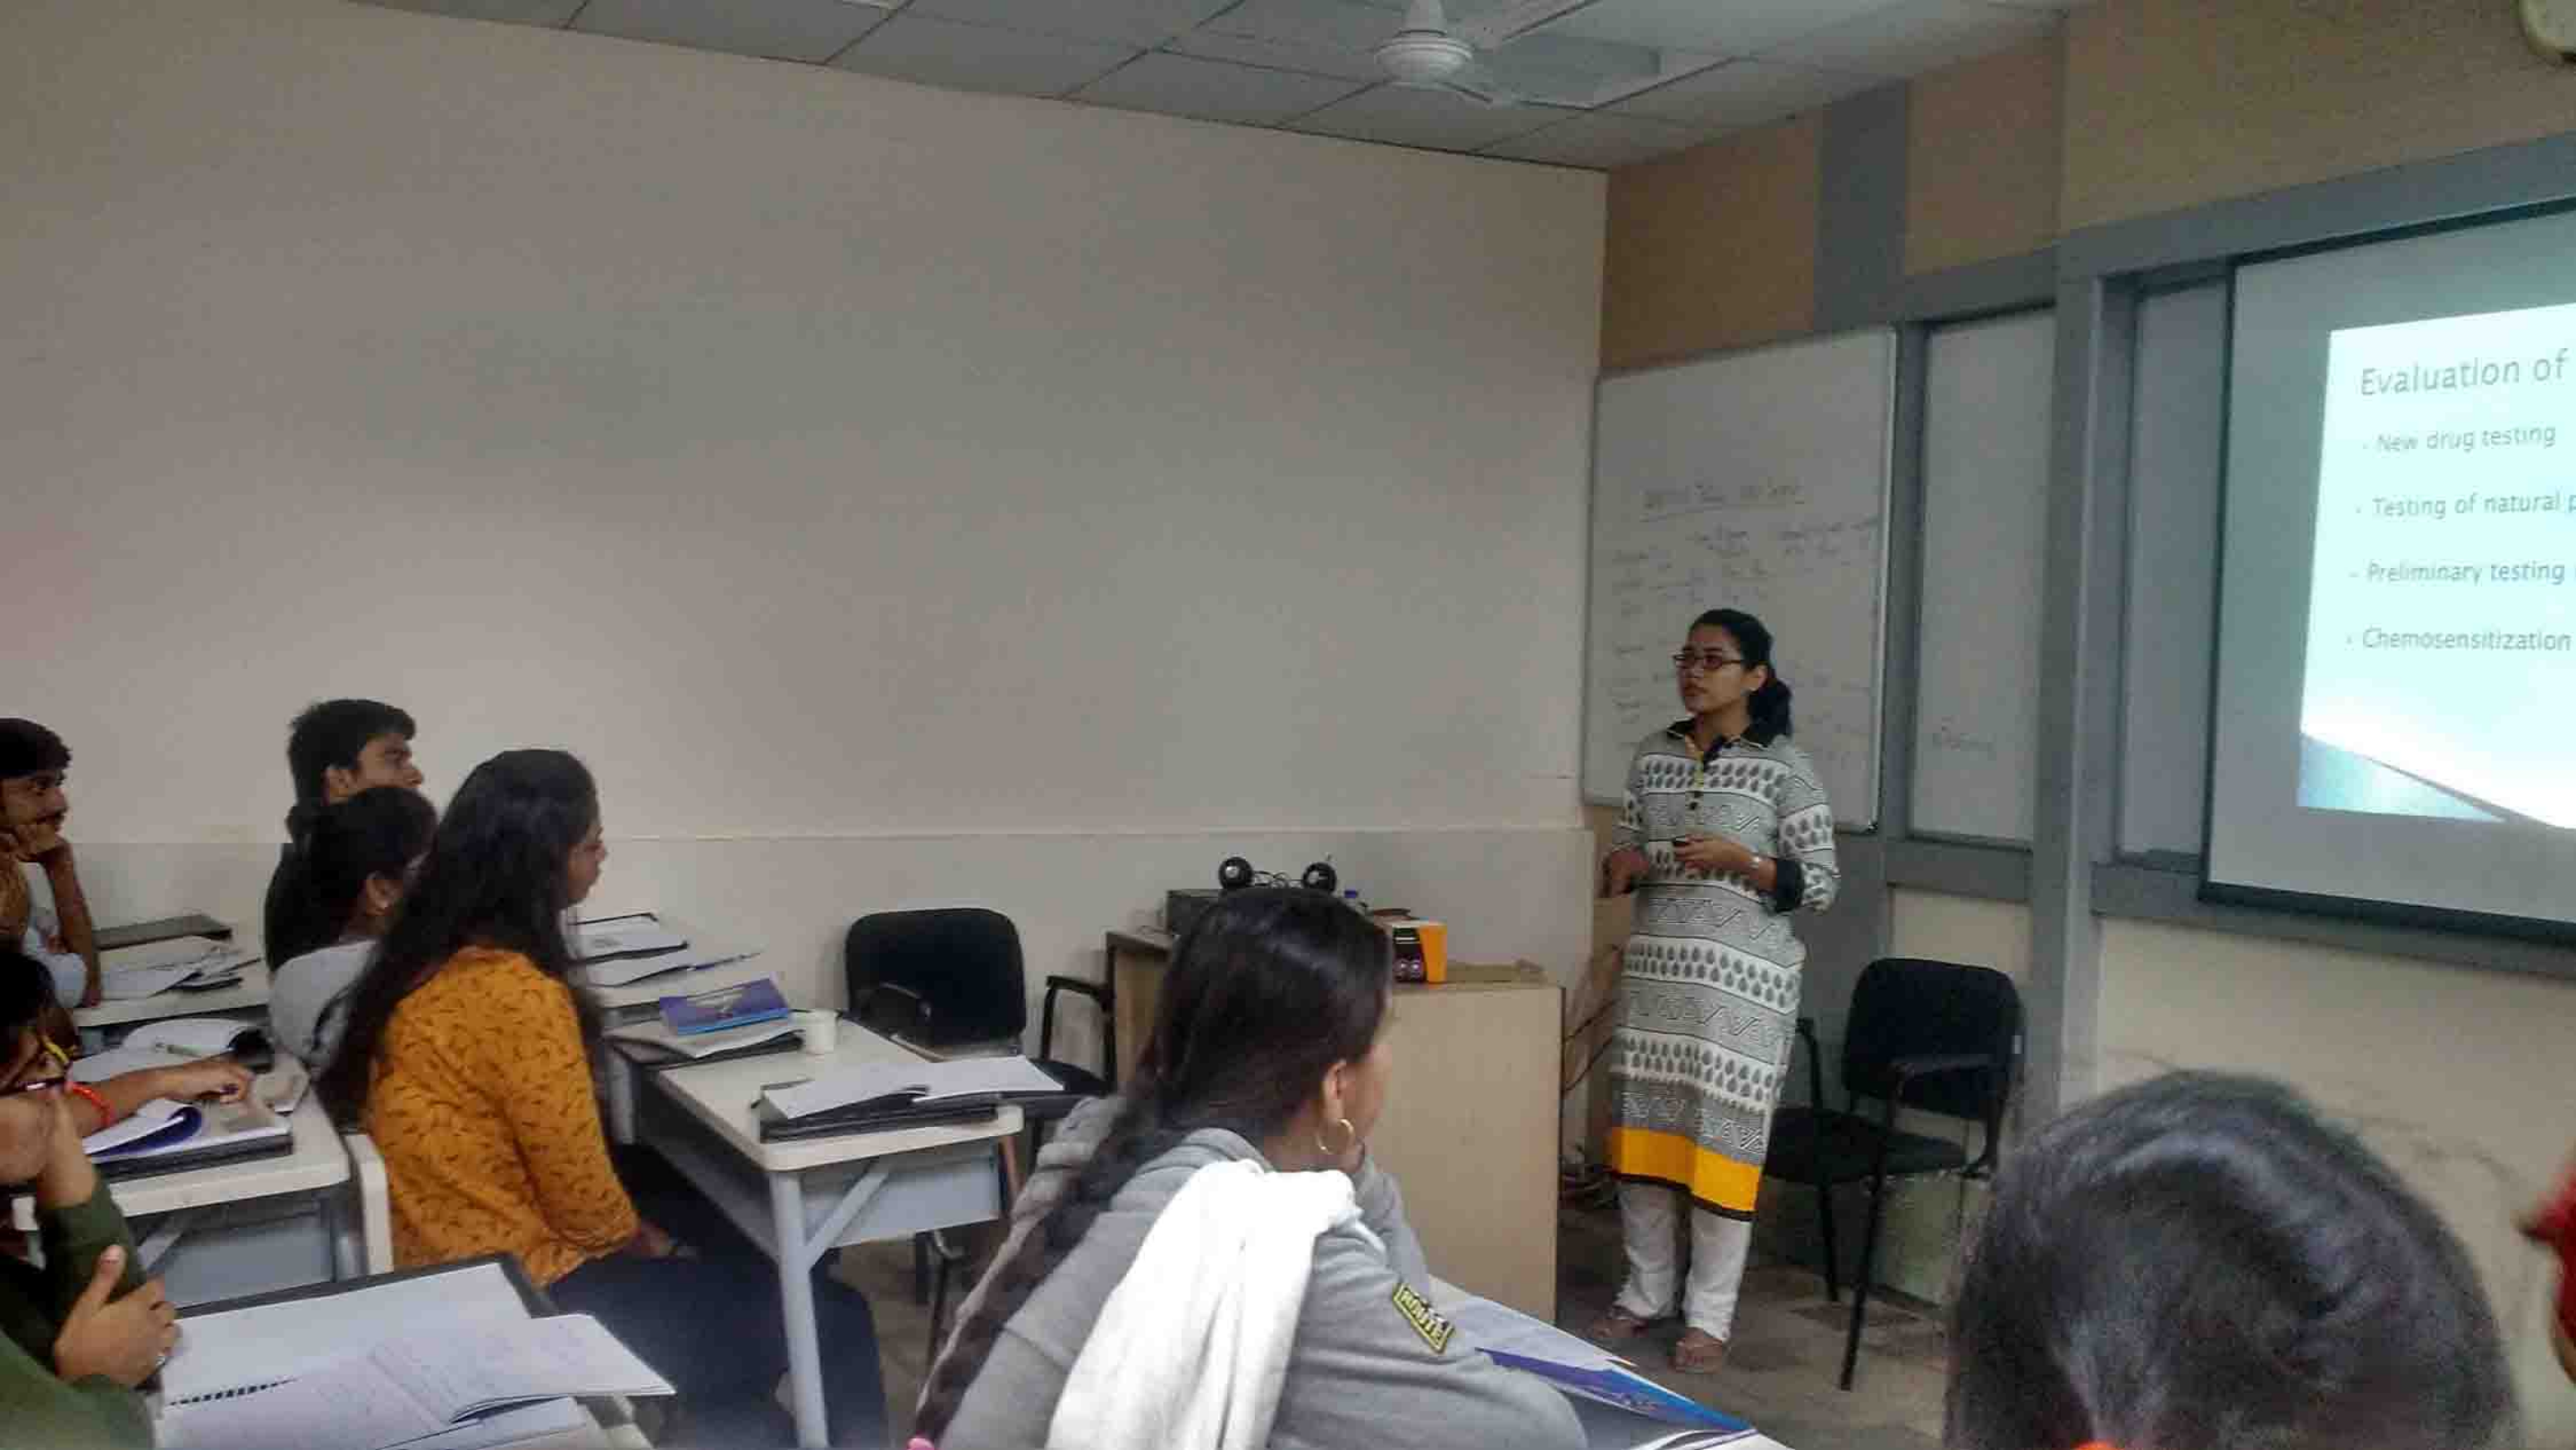

Cell Culture Workshop

Hands On Training In Cell Culture And Molecular Biology Techniques
January 11-15, 2016

Evaluation of

- New drug testing
- Testing of natural p
- Preliminary testing
- Chemosensitization

Celfrost

Blotting
